- Results to instructor added custom questions (if applicable)

Understanding and using student feedback:

- We have resources to help you interpret and use results including our faculty worksheet with guided prompts and space to record summaries of feedback, actions, and outcomes.
- Members of our Pedagogy, Practice, & Assessment team are available for consultations and can help with:
  - Interpreting OMET results and developing a course of action if necessary.
  - Exploring various methods of assessment to improve teaching.
- In the future:
  - Discuss, teach, and model giving meaningful feedback with your students and give them multiple opportunities to practice giving feedback.
    - Gather important information about students at the beginning of the term by giving a pre-course survey.
    - Check in with students half way through the term by giving a midterm course survey.
- The Teaching Center offers multiple resources to support teaching and learning.

Comments

What did you like best about the recitation instruction?

Comments
He provides hints to guide us with the assignments and explains the key concepts of the lectures while working through application exercises.
I can’t emphasize enough how great he was!
Example problems were intuitive, reviews were also a nice way of enforcing content
Jun Hyun is very responsible. He has high attention on details and did a great job in organizing the class.

If you were running this recitation, what would you do differently?
